

To
The President Fellowship Committee
Pakistan Society of Internal Medicine

Subject: Application for Associate Fellowship of PSIM

Respected Sir,

I respectfully submit my application for Associate Fellowship of the Pakistan Society of Internal Medicine (PSIM).

I am an Assistant Professor of Medicine at Gujranwala Medical College (GMC), Gujranwala and previously served as a Consultant Physician at THQ Hospital, Wazirabad, with substantial experience in clinical care, postgraduate training, and service delivery.

In addition to holding **FCPS (Medicine), MRCP (UK), and a Master's in Health Professions Education (MHPE)**, I have undertaken **multiple certifications and structured CPD programmes** relevant to Internal Medicine and allied domains. My leadership and administrative contributions include serving as In-charge, Department of Medicine (GMC Teaching Hospital), membership of key academic and quality committees (Academic Council, CQI, Mortality Review, IPC) and institutional governance roles (e.g., Secretary IRB and Associate Editor JGMC).

At THQ Wazirabad, I led the Medicine Department and established the first dialysis unit in Wazirabad, while also contributing to broader public health leadership (COVID-19 coordination, dengue management, and telemedicine services) and hospital administration as Deputy Medical Superintendent. I have also supported capacity building of primary and secondary care physicians as a Master Trainer for NCD training and by delivering multiple lectures/talks for physicians and allied healthcare professionals at different forums on regular basis.

I request kind consideration of my application.

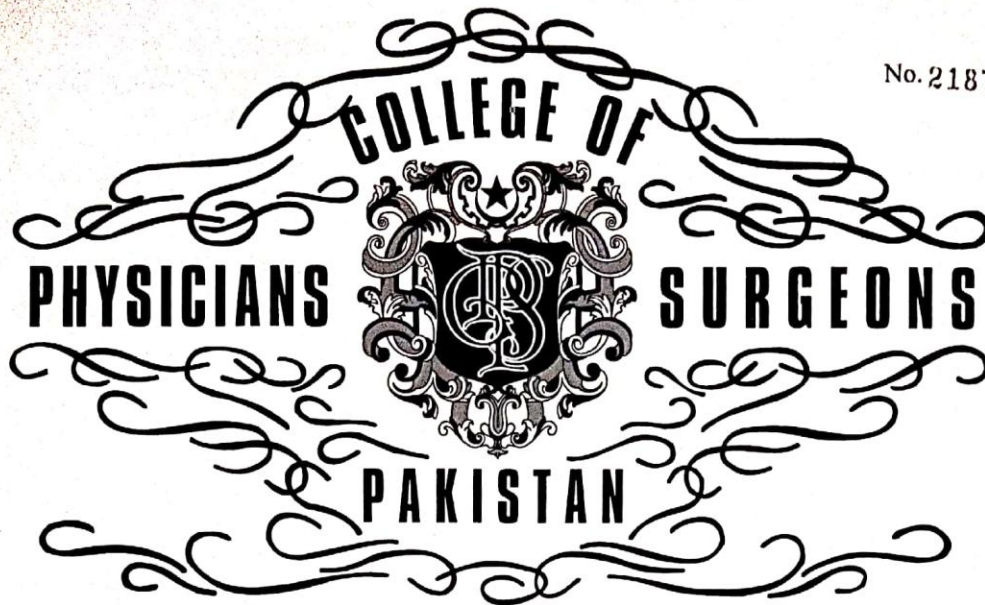

Dr. Ali Shakeel

TEHSIL HEAD QUARTER HOSPITAL

WAZIRABAD DISTRICT GUJRANWALA

Ref# 5998

Date: 15/2/25

Dr. Ali Shakeel served at THQ Hospital, Wazirabad as **Consultant Physician and Head, Department of Medicine (2018–2024)**. During his tenure, he demonstrated exceptional clinical leadership, strong administrative capacity, and sustained contributions toward service development and community-oriented healthcare delivery.

A signature achievement of Dr. Ali Shakeel was the **initiation of establishment of the first proper public-sector dialysis unit in Wazirabad** through public private partnership and its progressive strengthening and expansion under his supervision, into an 18-bed unit operating in two shifts, markedly reducing referrals to other districts and enabling free-of-cost dialysis care for patients from Wazirabad and surrounding districts, thereby improving access, continuity, and affordability of renal replacement therapy for the community.

He also served as a **pioneer member of the Disability Assessment Board (District Wazirabad) (2020–2024)**, contributing to timely disability assessment and certification locally and reducing undue referrals for patients requiring evaluation and documentation.

In addition, Dr. Ali Shakeel held key institutional responsibilities including **Deputy Medical Superintendent (26-10-2021 to 05-12-2022)** **Focal Person for COVID-19 management and contact tracing (2020–2022)**; **In-charge Telemedicine services during the COVID-19 pandemic**; and **Focal Person/Coordinator for Dengue management (2018–2024)**. He also contributed to clinical governance as a **member of the Pharmacy & Therapeutics Committee** and the **Infection Control and Waste Management Team**.

Dr. Ali Shakeel additionally supported academic and capacity-building initiatives as a **District Master Trainer** for doctors in Primary and Secondary Healthcare for Non-Communicable Diseases and delivered multiple teaching sessions for local clinicians and allied staff on priority conditions, alongside participation in public awareness initiatives aligned with local public health needs.

On the basis of his consistent performance and measurable institutional impact, I recommend Dr. Ali Shakeel without reservation. This letter is issued as formal evidence of his **outstanding contribution** to THQ Hospital, Wazirabad and local community at large.
